WARNING

This document contains information affecting the national security of the United States within the meaning of the espionage laws U. S. Code Title 18, Sections 793 and 794. The law prohibits its transmission or the revelation of its contents in any manner to an unauthorized person, as well as its use in any manner prejudicial to the safety or interest of the United States or for the benefit of any foreign government to the detriment of the United States. It is to be seen only by personnel especially indoctrinated and authorized to receive information in the designated control channels. Its security must be maintained in accordance with regulations pertaining to TALENT-KEYHOLE Control System.

PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1a.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

Chernaya Rechka Army Barracks is located 22 kilometers (km) north-northwest of Leningrad (Figure 1).

The installation covers 350 acres and contains 29 probable barracks, 12 probable administration buildings, 1 probable headquarters, 13 general storage buildings, 11 vehicle/equipment maintenance and storage buildings, 57 miscellaneous support buildings, 3 small-arms

firing ranges, 2 driver-training courses, and 2 athletic fields (Figures 2 and 3).

KEYHOLE missions of interpretable photography covered the facility between

Comparative analysis reveals that the installation was active throughout the period and has been expanded slightly since World War II.

DESCRIPTION OF INSTALLATION

Railroad Service

The Leningrad-Zelenogorsk double-track railroad is 6 km south.

Road Service

Primary roads serve the area.

Aircraft Landing Strips

Three airfields are located within 18 km of the installation.

Administration and Troop Housing Areas

Area D1 contains 8 multistory probable barracks, 3 possible administration buildings, and 7 miscellaneous support buildings.

Area D2 contains 19 probable barracks and 10 miscellaneous support buildings.

Area D3 contains 1 probable headquarters, 3 possible administration buildings, 4 miscellaneous support buildings, and 1 stack or tower.

Area D4 is secured and contains 2 multistory probable barracks, 2 probable administration buildings, and 7 miscellaneous support buildings.

General Storage Areas

Area E1 is secured and contains 2 possible administration buildings, 6 general storage

buildings, and 4 miscellaneous support buildings.

Area E2 has internal and external fences and contains 5 possible general storage buildings and 5 miscellaneous support buildings.

Area E3 contains 2 probable general storage buildings and 7 miscellaneous support buildings.

POL Storage Area

A secured rail-served POL storage facility is located 6 km south-southeast of the installation.

Other Buildings

Area H, a cleared area in a woods, contains 1 L-shaped building and 2 rectangular buildings.

Equipment Storage/Maintenance Areas

Area J1 is fenced and contains 7 vehicle/equipment storage buildings (five 210 by 45 feet and two 150 by 55 feet), 2 probable administration buildings, and 6 miscellaneous support buildings. Two rows of unidentified equipment were observed on

Area J2 is fenced and contains 3 probable maintenance/storage buildings (400 by 70 feet, 275 by 55 feet, and 250 by 55 feet), one 150- by 55-foot probable maintenance building, and 2 miscellaneous support buildings. Two rows
